X send Z are next in line at the counter.

X
Hello. Um, we would like to order!

They cannot get the busy employees' attention.

X (CONT'D)
Okay, no one here speaks English.

Z
I know. Isn't it great?

X
'Great' would be if they stopped ignoring us. People keep yelling their orders and we're getting skipped because we're Americans.

Z
C'mon. We're in a foreign place, experiencing foreign things. Try to enjoy it.

X
You know how I get when I'm hungry.

Z
According to the tour guide, this place is legendary. Do you smell that?

X
Yes. This country definitely doesn't believe in deodorant.

Z
No, I mean the exotic spices; the aroma of adventure. I love this place!

The Employee looks at X finally.

X
Us?! Yes! One second...

X holds up one finger to the Employee, signaling to hold on, then turns like a crazy person to Z.

X (CONT'D)
Now's our chance! What do you want?

Z
Oh, I don't know. Everything looks
so good. Let me look at the menu.
