

GILLY

This isn't what I signed up for. I mean, I thought you said you needed an assistant. This isn't getting coffee or answering phones. This is -- This is crazy. You're crazy!

(beat)

Why are you asking *me*? Isn't there anyone else here who can...? Look, I'm new. Not just to this job, but I'm new to this whole thing, you know? I'm not ready -- is what I'm saying. I'm not.

(beat)

Is this how it is? Because I refuse to believe that you people can this cold. You can keep looking at me like I'm naive, but I've seen the good. I've seen people go out of there way, with no concern for themselves, just to help a stranger. Actual charity.

Compassion? I can't give all that up, just to be part of this world. I'm sorry.

(beat)

I quit.
