

Just then, a passing super-cool-looking BLOND CHICK and two SIDEKICKS stop mid-stride. Blond Chick looks at Bella.

START →

BLOND CHICK

Nice outfit. Did you take a covered wagon to get here from the Prairie?

The Sidekicks GIGGLE cruelly as Bella's EYES WELL UP. Madison laughs, then...

MADISON

Seriously? Inexplicable Mean Girl? You've been here, what, five minutes and you already have a posse of sheep following you around?

(off her stunned silence)

Look, can you just tell us what your real emotional issue is now so we don't have to spend all year being verbally assaulted by you? What is it, absent father? Narcissistic stage mommy? Secretly afraid you're peaking in high school and it's all downhill after this?

ON THIS LAST ONE, Blond Chick starts CRYING.

MADISON (CONT'D)

Ding ding ding! We have a winner!

Blond Chick runs off. Her Sidekicks follow her. A few people nearby CLAP. We will NEVER SEE THESE GIRLS AGAIN.

BELLA

Wow. Thanks, Madison.

MADISON

Are you kidding? Thank you. That was fun. God, I miss New York.

END

-----  
EXT. CAFETERIA - DAY (D-2)

In an outdoor eating area, Eva, Taylor and Bella sit with Jacob and Chase at a table. Madison approaches, carrying a tray of food, FULL OF GUSTO.

MADISON

Hey, songbirds. How was Vocals Class?
