

BAILEY (V.O.)

Wake up...

Bailey's eyes flutter awake.

BAILEY (V.O.)

I'm alive - barely. My teammates  
were right, this mission was too  
dangerous.

Bailey tries to stand but stumbles.

BAILEY (V.O.)

Whoa, take it slow. Get your  
footing. Find and exit. Get to  
headquarters.

Bailey moves toward the front door.

BAILEY

This place is disgusting. Hard to  
believe anyone lives here. Wait --  
I remember now. This isn't this  
isn't a house, it's a training  
facility...

Bailey hears someone at the door and panics.

BAILEY (CONT'D)

Uh-oh. If I'm spotted, I could end  
up like Major.

Bailey scans for options: no windows, not place to hide.  
Bailey looks back at the couch, *maybe*.

BAILEY (V.O.)

Out of options...

Bailey quickly climbs back in the couch, plays unconscious.
