

WILDCITY COMMERCIAL :30

INT. LIVING ROOM – DAY

A KID, with a party hat on, but not in a party mood, looking right into camera. Behind, in the bg we see DAD is dancing badly to some old hip hop music while a group of kids try to hide their embarrassment.

KID: (dry) Happy Birthday to me. Instead of having my party at WildCity, Dad decided HE would entertain my friends this year. Two hours of his favorite "*Jamz from the 90's.*"

DAD: This was fresh when I was your age!

KID: (still to camera) Which means it's definitely NOT fresh anymore. Parents. Listen to me: give your kids the party they want. Go to WildCity... And leave the partying to the professionals.
